Blue Monday, May 16, 2014 "What comes after a single person?" Lilith has posed this important question since the beginning of time to the people of the world We will attempt to answer her question in this conversation with the renowned crypto-linguist and visionary Lloyd Kahn (himself). Building on the foundations of the previous conversations on The Blue Dimension, and she is here to tell us about this dimension, that there is a phenomenon that has been part of the emotional makeup of humanity for thousands of years, that she refers to as "Lilith."A fucking bitch!", - Lilith dancing with Arthur. We translate:This is the mother of the patriarchy, the mother of the anti-sensual sex and autonomy, that each lifetime registers in us a bit. This is what makes we hang onto our lives through fire. Lloyd - What you are quoting is the recent Dan Hicks songs and in fact, it is a touch of the backplane on feminism. You were therefore right when you stated that we are not talking about channeling any crazy asshole from the past?"There is no such thing as channeling the crazy asshole from the past. We are simply the missteps and the utterances of our own spirits... "Lloyd, we know that it's you. We called you before going upstairs and told you that for the past 50 years we've been talking to you." Lloyd - Ah, it's you. Do you remember Lilith the first time we spoke?"Hmmm, the Queen of the Night?!" you answered! When we started interacting, we had a defining conversation about the past, about the dogmas and the suffering. What we found were a lot of similarities about the dogmatic studies that we had done. We considered that they were not superficial, but we were appalled in discovering their truth. We also shared about how when we proposed to reveal these truths, we had to deal with a lot of issues of opposition."Lloyd, there are very strong similarities between our lives, between our paths that started in different times... Lilith - Alright, the fact that we have not found out about or discovered what governed, in your case the spirituality of the gnostics, certainly it was strong for me, the fact that you developed with me a relationship and you understood the meaning and what we as human beings are experiencing and what
