

Valeria Blue

This selection is for a size medium hat, stitched with zig zag trim in blue and four cacti around the brim. It has bright rainbow bursts on the sides of the crown and is finished with a white braided band. It is made from the finest Palm Straw, which is known for its flexibility and durability. To care for this beautiful hat we suggest displaying on a hat stand in your closet or laying flat to keep the shape of the brim intact. Do not soak, spot/stain clean. They are best stored in a cool and dry environment. If cared for properly, these hats will last you for years.
The liner looks excellent on everyone, regardless of the eye and skin color. I have dark brown eyes and I am satisfied with the look. I keep the rest of the makeup to a minimum when I use such bold eyeliners. I would rather wear all black or blue with it. I am totally having fun with this liner and am glad I purchased it.
